

THE H. S. & CO. MACHINISTS' PORTABLE TOOL CASE

EVERY INCH OF SPACE AVAILABLE!

Showing case closed and locked.

Showing case open and drawers exposed.

This is the only practical *portable* tool case on the market. The drawers are so arranged that every available inch can be utilized, and the tools so distributed that each one can quickly and easily be picked out and without first handling over a number of other tools which have hurriedly been placed on top of the one wanted. With the exception of the bottoms and sides of drawers, it is made throughout of thoroughly kiln-dried solid (not veneered) oak, which will not warp nor twist, and very carefully and handsomely polished and finished; the corners are dovetailed and the workmanship is of the very best. The trimmings are of polished brass; has a brass spring-lock with two flat steel keys, and a comfortable leather handle for convenience in carrying.

The *outside* measurements of the case when closed are: $15\frac{5}{8}$ in. long, 8 in. deep, $10\frac{3}{4}$ in. high. The *inside* dimensions of the eight drawers are as follows:

First	$6\frac{1}{2}$ in.	long,	$6\frac{1}{8}$ in.	deep,	$\frac{3}{4}$ in.	high
Second	$6\frac{1}{2}$	"	$6\frac{1}{8}$	"	$2\frac{3}{16}$	"
Third	$6\frac{1}{2}$	"	$6\frac{1}{8}$	"	$\frac{3}{4}$	"
Fourth	$6\frac{1}{2}$	"	$6\frac{1}{8}$	"	1	"
Fifth	$6\frac{1}{2}$	"	$6\frac{1}{8}$	"	$\frac{15}{16}$	"
Sixth	$14\frac{1}{8}$	"	$6\frac{1}{8}$	"	$\frac{1}{2}$	"
Seventh	$14\frac{1}{8}$	"	$6\frac{1}{8}$	"	1	"
Eighth	$14\frac{1}{8}$	"	$6\frac{1}{8}$	"	$3\frac{3}{16}$	"

The bottoms of drawers are felt-lined, run on hardwood slides, and have brass polished knobs.

Machinists will find the little mirror which is placed on the inside of the case a very handy and convenient addition.

The weight is $14\frac{1}{2}$ pounds—packed for shipment approximately 30 pounds.

\$10.00 net f.o.b. New York.

We can also furnish this case in mahogany finish at the same price.
